ITEM# 10B9 1ST READING REVISE POLICY 8200 LOCAL SCHOOL WELLNESS POLICY

Our current wellness policy does not allow for the use of food as an incentive. However, the USDA does allow the utilization of food as an incentive if it is Smart Snack compliant. Incentives are utilized often as part of the district PBIS and other programs. We would like to utilize the use of Smart Snack compliant food as an incentive for these purposes. For your consideration I have revised policy 8200 to reflect this change and I would ask that this be approved as a 1st and final reading to allow for this change immediately.

Recommendation: The administration recommends that the Kimberly School Board of Trustees approve the 1st and final reading of revisions to policy 8200 Local School Wellness Policy as presented.
