2<sup>ND</sup> READING REVISION TO POLICY 2311 – CURRICULAR MATERIALS

\*\*\*\*\*

During the last legislative session Idaho Code was revised that defined “Curricular Materials” for Idaho School Districts. Utilizing the ISBA policy and the draft Twin Falls School District policy on the matter I am recommending revisions to policy 2311 Curricular Materials which aligns with the spirit of the law. Specifically designating that curricular materials are those textbooks, instructional materials, software, audio/visual media, and internet resources that are provided by the district. Instructors are continuously utilizing other resources for such things as current events and digital media to enhance their curriculum which the proposed policy has defined as “supplemental materials.” Additionally, I have added verbiage that our district has no control over the curricular materials utilized in dual credit courses as that is selected by the provider.

Recommendation: It is recommended that the Kimberly School Board of Trustees approve the 2<sup>nd</sup> Reading of Revision of Policy 2311 Curricular Materials.
