

# Bistro Grant Agreement

Dairy West strives to represent dairy products across multiple processors in our region. We do not represent individual vendors. It is the responsibility of the school district to notify the vendor of any changes in usage, additional products needed, and work through the bid process. School districts should follow the procurement process outlined by the USDA. In addition, Dairy West cannot guarantee compliance with USDA regulations as part of the National School Meals programs. We encourage school districts to reach out to the state office for any questions or concerns regarding USDA regulations.
