

Kimberly School District #414
REGULAR BOARD MEETING FY26
THURSDAY, NOVEMBER 20, 2025
12B5 RISE PERFORMANCE CERTIFICATE

As part of its charter agreement, RISE Charter School is required to be evaluated annually using the RISE Performance Certificate matrix, which assesses academic, operational, and financial performance. This evaluation ensures accountability, supports continuous improvement, and provides transparency to the school community and the district.

For the 2024–2025 school year, RISE conducted a self-evaluation, which was reviewed and approved on October 22, 2025, by Gary Moon, Director of Xavier Charter School; Matt Schvaneveldt, Director of Programs at Kimberly School District; and Luke Schroeder, Superintendent of Kimberly School District. The self-evaluation provides the foundation for finalizing the school’s performance certificate and highlights areas of strength as well as opportunities for growth.

The performance certificate serves as a formal record of RISE’s achievements and progress, guiding the district and the board in supporting the school’s ongoing success.
