10-1 - 2026-27 SCHOOL CALENDAR

\*\*\*\*\*

Per the December board meeting, the Board tabled discussion on the 2026–2027 school calendar and directed administration to develop a calendar consistent with prior years, ending the Friday prior to Memorial Day. Administration has done so and is bringing the revised calendar forward for board consideration.

As both Labor Day and Memorial Day fall later in the 2026–2027 calendar year, the start and end dates are naturally pushed back approximately one week compared to some previous years.
