

Kimberly School District #414
REGULAR BOARD MEETING FY26

THURSDAY, JANUARY 15, 2026

10-2 CELL PHONE POLICIES

Per the discussion at the last meeting, consideration of student cell phone use at Kimberly High School (KHS) was tabled. Based on that discussion, the Board indicated interest in moving toward a stricter cell phone policy at KHS, consistent with the approach currently in place at Kimberly Middle School (KMS).

Per the Board's direction, Mr. Gonzales will be bringing forward a proposed policy for review. The proposed policy reflects the parameters discussed at the prior meeting and, if approved by the Board, it would be implemented beginning February 1, 2026. This timeline allows KHS administration to communicate the policy changes to students, families, and staff, and to prepare for consistent implementation.
