

Kimberly School District #414
REGULAR BOARD MEETING FY25

THURSDAY, OCTOBER 17, 2024

ITEM#12B3

EARLY RELEASE FRIDAYS

The request to place Early Release Fridays on the board agenda has been made to discuss its effectiveness. I have already provided the board with the results of a staff survey conducted a few weeks ago regarding flexible contract time. Most principals will be attending the meeting, either in person or virtually, to address any questions board members may have regarding early release. Additionally, if the board requests further information, we are prepared to gather and disseminate that as needed.
