ITEM#12B5 - 1ST READING REVISE POLICY 2415 DISTANCE LEARNING

The request to revise Policy 2415: Distance Learning was initiated by the KHS administration to clarify how to schedule students taking off-campus courses that will appear on their transcripts. The proposed revisions specify that students will be scheduled for the amount of time corresponding to the credits being transcribed. For example, if a student is taking a class at CSI that will be transcribed as two credits, the student will be scheduled for two class periods.
