

### Writing

Write a paragraph of four or five sentences about your animal. Include, a topic sentence, 2 facts you found, a fact you found interesting and an opinion/conclusion sentence about your animal.

Goats

Name of Animal

These are some facts I learned about goats.  
Goats hooves help them climb steep mountains and trees.  
There are three hundred types of goats. Something interesting is that eagles eat goats. These facts I learned about goats were very interesting.

Illustration

Draw a picture of your habitat. Your picture must contain your animal and at least 3 elements you would find there.

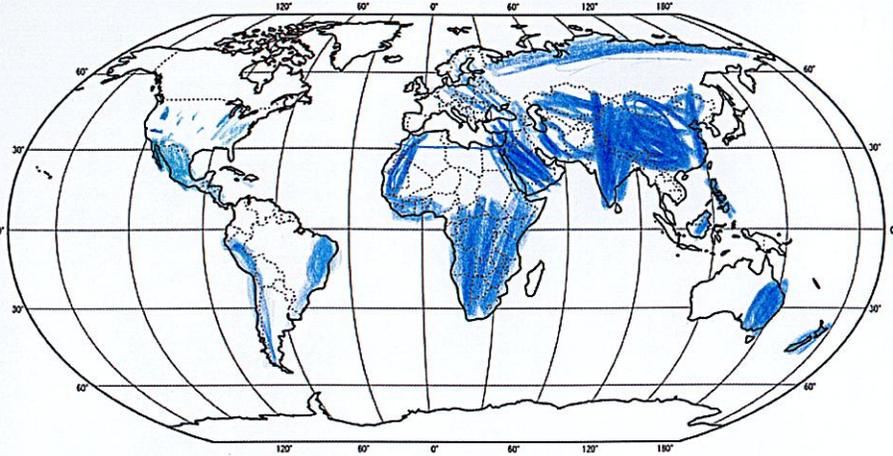

mountains
