

Writing

Write a paragraph of four or five sentences about your animal. Include, a topic sentence, 2 facts you found, a fact you found interesting and an opinion/conclusion sentence about your animal.

Reindeer

Name of Animal

My animal report is on Reindeer life.

Reindeer live in the Arctic. Reindeer

eat lichen and mushrooms. Males

lose their antlers in winter and

females lose theirs in spring. I

liked learning about Reindeer.

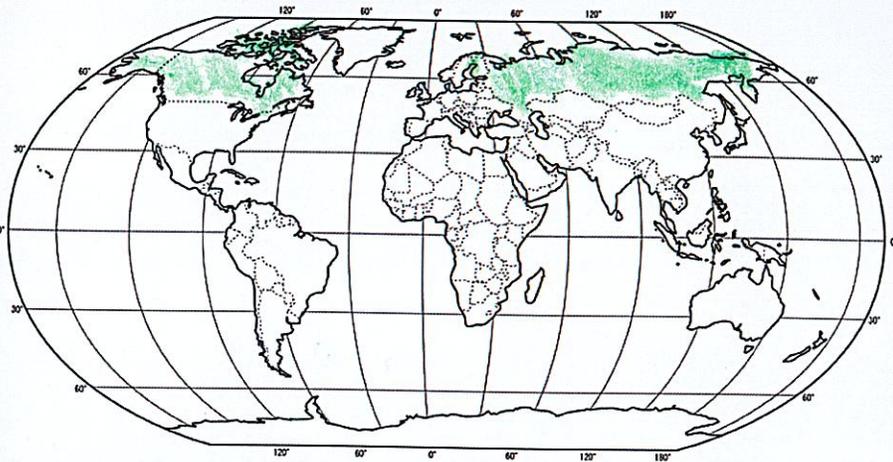

Illustration

Draw a picture of your habitat. Your picture must contain your animal and at least 3 elements you would find there.

Reindeer Life

Where My Animal Lives

My Animal

My Animal's Habitat

They live in the Arctic.

My Animal's Favorite Foods

They eat lichen, mushrooms, leaves and grass.

Adaptations That Help My Animal Survive

They have wide hooves that help them walk on snow. Their thick hair keeps them warm.

My Animal's Predators

Gray wolves, polar bears, brown bears and wolverines.

Size	Weight	How Long Do They Live	Animal Class
4 into 5 feet	240 to 700 pounds	15 years	Rangifer tarandus.
