Scope of Work

- Remove the existing rooftop units serving the cafeteria lunchroom.
- Provide and install two new rooftop units to replace the existing equipment.
- Set the new units on the existing curbs.
- Modify gas piping as needed.
- Modify condensate piping as needed.
- Install duct transitions to adapt the existing ductwork to the new units.
- Provide and install new economizers.
- Install new thermostats to replace the existing controls.
- Perform full start-up, testing, and operations check.
- Includes required permit and inspection.
- Craning services to be provided by a Terry's Heating subcontractor.
- **Excludes:** Any electrical work required to install new disconnects or bring electrical up to current code.

Investment

Two Rooftop Units (RTUs): \$55,998.57

Optional Add-On

- Insulate and replace all ductwork from the new units to the wall: **Add \$14,700**

PWL # 059980-B-4 (15700, 15600, 07700)
